KENDALL SCHOOL IS MOVING

On January 17 KDES will begin moving into its temporary facilities. The move will affect the middle school, the department of educational technology, and the library. The elementary department is expected to move into the renovated MSSD temporary building by March. The primary and preschool will make their move to Fowler Hall some time in the spring.

BROWN BAGGIN' IT

There will be a meeting of the Instructional Designers on Monday, January 10, from 11:45 to 1:00 in the Gallaudet Room of the library. Dr. Elaine Costello will be presenting samples of her work and discussing the research and development techniques used by the Continuing Education Center. All interested persons are invited to bring their lunches and enjoy!

CONFERENCE SET FOR JANUARY 23-26

The Center for Continuing Education is sponsoring a conference for sixteen administrators or counselors from programs for deaf college students January 23-26. The conference will focus on the problems of student transfers between programs. The participants will seek to develop improved mechanisms for facilitating transfers by deaf college students. Gallaudet College will be represented by Bernard Greenberg and Jerald Jordan.

RECYCLE THAT SCRAP PAPER!

Polly Peikoff requests that usable scrap paper be delivered to her office to be forwarded to the New Carrollton School. Large supplies can be picked up.

LAW CENTER FILES BRIEF

The National Center for Law and the Deaf is supporting a class action suit by the Oklahoma Association of the Deaf to require police to appoint interpreters as stated in the Oklahoma statutes. The named plaintiff had been arrested and the refusal of the police to appoint an interpreter resulted in his not being able to be released on bail for several days. In August a District Court Judge ruled that the Oklahoma statutes did not apply to hearing-impaired people at the arrest level. The Center's Legal Defense Fund filed a brief with the Supreme Court of Oklahoma challenging the failure of the Oklahoma City Police to appoint interpreters when a deaf person is arrested.

????????????????????????????

If you want to use the IRS TTY toll-free information number, don't try to call from your Gallaudet phone. Gallaudet's phone service connection with C&P is such that an operator will come on the line and ask what number you are calling from before your call will be completed. Therefore, you must either ask a hearing friend to initiate the call for you or place the call from an off-campus TTY phone.

SIGNED NEWS FEEDBACK WANTED

Cynthia Saltzman (who can be seen weekdays interpreting the news on WTOP channel 9) would like to have interested viewers write letters to WTOP expressing your feelings regarding her 5 minute presentation. Is the program beneficial to you? Would you prefer total communication? Are there changes you would like to see made? Whatever your feelings, let them be known to WTOP, 4001 Brandywine St., N.W.
